

Princess Mikee O. Pineda

San Martin De Porres Parañaque City 1700 • princesssmikeepineda@gmail.com • 0999 574 8328

Education

Polytechnic University of the Philippines Currently taking: Bachelor of Science in Computer Engineering Second Year College	Sta. Mesa, Manila 2024-2026
Polytechnic University of the Philippines Senior High School With High Honors. GWA: 97.5 Science, Technology, Engineering, and Mathematics	Sta. Mesa, Manila 2022-2024
Dr. Arcadio Santos National High School With High Honor	Parañaque City 2018-2022

Experience

Polytechnic University of the Philippines College of Engineering and Architecture Commit 80 hours for work immersion in the Civil Engineering Department	Sta. Mesa, Manila 2023
---	---------------------------

Academic Projects

Automated Vertical Parking Garage Simulator

Technologies Used: Python, Tkinter, Stack Data Structure

- Designed and implemented a GUI-based vertical parking garage simulation using Python and Tkinter to model real-world vehicle placement and retrieval logic.
- Utilized Stack (LIFO) and Queue data structures to efficiently manage vehicle tracking, state changes, and automated garage operations.
- Developed an interactive data table to dynamically monitor, log, and display real-time vehicle positions within the system

Text Sentiment Analysis Application

Technologies Used: Python, Object-Oriented Programming (OOP)

- Developed a foundational text processing application to analyze and categorize user-inputted text based on emotional sentiment.
- Applied core Object-Oriented Programming (OOP) principles—such as encapsulation and class inheritance—to build modular, reusable, and scalable code.
- Implemented string manipulation and conditional logic to parse text data and determine qualitative outcomes.

Leadership

Senior High Organization (SHO) Student Council

PUP Sta. Mesa

Auditor

2023-2024

- Prepared regular financial reports for the council and school administration.
- Organized budget planning, provided financial advice, conducted internal audits of council activities, and maintained accurate financial records.

STEM Representative

PUP Sta. Mesa

- Represented 400 STEM students of PUPSHS for the whole A.Y. 2023-2024.

Skills & Interests

Technical: Basic Python Coding, JavaScript, HTML, GITHUB Navigation, Basic GitBash Skills, Basic VSCODE Skills, Microsoft Excel and Access, Google Docs.

Language: Fluent English, Fluent Tagalog.
